D4i LED Driver 15W

NF-115-D4i — smart DALI LED control.

The NF-115-D4i is the higher-power sibling of the NF-17-D4i — the same D4i compliance, integrated DALI power supply and NFC programming, with an adjustable output current up to 700 mA for larger professional luminaires.

DALI PSU

INTEGRATED

5-year

WARRANTY

CORE FEATURES

- Full IEC 62386 D4i compliance
- Integrated DALI bus power supply
- NFC wireless current programming
- Adjustable output current 100–700 mA
- Constant Lumen Output (CLO) support
- 96 × 38 × 20.5 mm ultra-compact housing

KEY BENEFITS

- Flicker-free dimming from 0–100%
- Standby power below 0.5 W
- Power factor > 0.9 at full load
- Seamless integration with sensing platforms
- 5-year warranty, professional-grade reliability

TYPICAL APPLICATIONS

Commercial lighting fixtures · Residential luminaires · Smart indoor lighting systems · DALI-controlled lighting projects
